BEST HOOK- DATA SHEET

ADVANTAGES OF THE BEST HOOK®:

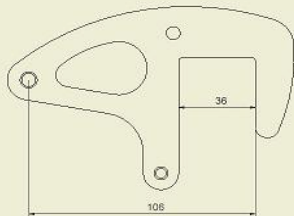

The **BEST HOOK®** is a **hook** with an offset strap so that you can unload gas cylinders **without unstrapping the container**

- Very **easy to use** compared with a single strap, it cuts down the time needed to fasten your load considerably
- **Avoids** the ongoing cost of **replacing straps** which have to be changed as soon as they show any sign of wear and tear
- Made of **treated steel**
 - Improved mechanical resistance
 - Optimum protection against corrosion, extending the lifespan of the hook
- **Convenient** size and lightweight
- **Adapted** to the specific **structure** of your containers
- **European registered design**

The **BEST HOOK®** complies with European standards

The **BEST HOOK®** has been tested for an LC of 1350 daN, equivalent to a breaking load of more than 2700 daN

The fastening device of the **BEST HOOK®** is marked so you can legally travel in all **European countries in complete safety**

MODELS

The **BEST HOOK®**

- is **marked** so its batch can be traced
- comes with a **strap**
- is adapted to the structure of your container
