

SPARE PARTS SUPPLIER - POWER TRANSMISSION
ENGINEERING SOLUTIONS

TECHNICAL SOLUTIONS PROVIDER

SPARE PARTS: Spare parts for power transmission mechanics

To help you in every way we can, we have developed a unique approach to support within TPM9001.

Our services range from just supplying spare parts (bearings, rolling bearings, chains etc.) to developing and completing projects from start to finish (designing customised parts, producing specialist machines and tools etc.).

• **ADVICE ON CHOOSING SPARE PARTS:**

Thanks to our design office and mechanics workshop, we can give you valuable advice when it comes to choosing the best technical solutions for you, as well as their use.

• **POINTS FORTS :**

- Extensive stock,
- Fast delivery,
- Secure storage options,
- Competitive prices, reductions for volumes
- Choice of products from the biggest brands,
- Most valuably, advice from our team of experienced technicians.

• **QUOTE REQUEST:**

Ask us for a free, no-obligation quote by telephone or email. →
